EXAMINER'S AMENDMENT

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 25, 2008 has been entered.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel withdrawn claims **2, 5, 7, 9** and **11-31**.

3. This application is in condition for allowance except for the presence of claims 2, 5, 7, 9 and 11-31 directed to inventions non-elected without traverse. Accordingly, these claims have been cancelled.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance: Claim 1 is amended in the response filed July 25, 2008 to recite an assembly method of a capsule medical apparatus

Art Unit: 3739

which overlaps displayed images of the image pickup unit and the fixing frame so as to coincide the center position of the image area of the image pick up unit, the center position of the image of the fixing frame, the optical path of the objective optical system and the central axis of the cylindrical casing. After such position, the image pickup unit and the fixing frame are attached and fixed with respect to each other. The prior art of record show that centering the lens system and imaging area of the image pickup unit is desirable (note Tan et al., US 2005/0052568, and Cambou et al., US 2004/0080658) but fail to explicitly teach or fairly suggest the method steps as claimed in claim 1 in order to achieve such centering. Therefore, claim 1, as well as all dependent claims, are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Leubecker whose telephone number is (571) 272-4769. The examiner can normally be reached on Monday through Friday, 6:00 AM to 2:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Linda C.M. Dvorak can be reached on (571) 272-4764. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
